

# TRIPSPARK SOLUTION FOR VANPOOL

## TRIPSPARK RIDEPRO

### A solution that works for the public

- Quick, easy public registration
- Riders easily find vanpool routes and join wait lists
- Fast matching for carpools, walk-to-transit, park-n-ride-to-transit, bike partner options when a vanpool is not available

### A solution that works for the vanpools

- Bookkeepers visually check route and roster, and search for new riders with one click
- Integrated error checking help bookkeepers get their data in on time, correctly
- Employer logins enable transportation coordinators to assist in vanpool formation and retention

### A solution that works for vanpool managers

- Tight integration of data and maps make it fast and easy to define and manage vanpool routes
- Fast, simple generation of reports, including NTD
- Easily find new riders for existing and new routes

### A complete solution for your vanpool service

- A unified database eliminates the effort and risk of error in trying to match up data from independent systems
- Reduces errors, reduces staff effort and releases staff to tasks that help the vanpool program grow

### A solution for the future

- TripSpark has a long track record of providing stable, effective solutions with excellent support
- Continuous software development by a highly knowledgeable, experienced staff
- Flexible software design enables TripSpark to adapt RidePro to changing needs and unique circumstances
- Financial stability and commitment to the rideshare market means that your investment is for the long term

## YOUR ONE-STOP-SHOP FOR PEOPLE TRANSPORTATION TECHNOLOGY

TripSpark Technologies is a community transportation technology company focused on helping mid-sized transit agencies and private operators transform their operation - increasing community engagement and driving revenue. TripSpark makes this possible by linking the latest technologies with a dedicated focus to help you grow your operation and meet evolving community transit needs.
