

PASSENGER INFORMATION SYSTEMS FINDING THE RIGHT FIT FOR YOU

MYRIDE

- You have fixed route services.
- You have TripSpark Streets or Routematch.
- You want a white label web and mobile app.

- You offer eligibility-based paratransit.
- You want a system that riders can use without going through an eligibility process.
- You want to help delegates or caregivers book trips for riders.
- You want to reduce call volumes.

PASSENGER PORTAL

RIDES ON DEMAND

- You want an app that supports microtransit, paratransit, and fixed route in one place.
- You have Trapeze PASS or TripSpark Novus.
- You don't have an app for fixed route.

Three powerful passenger information systems, but which one's the right fit for you? Talk to TripSpark and let's have a conversation about empowering your riders with passenger information.
